Summary

Full Stack Developer experienced in MERN, Next.js, and NestJS for building scalable web applications. Strong foundation in REST APIs, authentication, and responsive UI. Pursuing a BS in Computer Science and eager to contribute as a Full Stack Developer by delivering reliable, impactful solutions.

Education

BS in Computer Science | NFC Multan | Pakistan
- Developed a strong foundation in software development, algorithms, and database systems with practical projects in full-stack web development.
- Built and deployed academic projects using MERN, Next.js, and NestJS, applying theoretical knowledge to real-world applications.

Skills

Frontend: React.js, Next.js, HTML5, CSS3, JavaScript (ES6+), TypeScript, TailwindCSS

Backend: Node.js, Express.js, NestJS

Database: MongoDB, Mongoose

Deployment & Cloud: Netlify, Vercel, GitHub Pages, AWS EC2

Development Tools: Git, GitHub, Postman, npm, JWT, Cookies

AI & Productivity Tools: ChatGPT, Gemini, Notion AI, GitHub Copilot

Core Concepts: Authentication & Authorization, REST APIs, CRUD Operations, Responsive Design, Payment Integration.

Work Experience

Freelance Web Developer
- Designed, built, and deployed full-stack and frontend applications using MERN, Next.js, and NestJS, delivering scalable and maintainable solutions.
- Collaborated with real clients to gather requirements and translate them into responsive, user-friendly web interfaces, improving client satisfaction and usability.
- Delivered production-ready projects with authentication, payments, and dashboards, ensuring reliable performance and smooth deployment.

Projects

- **DevMate – Full-Stack MERN Platform**
  🔗 devmate.click
  Built a complete platform with secure authentication, payment integration, and interactive dashboards, streamlining bug tracking workflows
  Tech: React, Node.js, Express, MongoDB, JWT, TailwindCSS, Redux

- **Astral Pharma – Product Showcase Website**
  🔗 astralpharma.com.pk
  Developed a modern product display website with clean UI, smooth scroll animations, and responsive design to enhance brand presence.
  Tech: React, TailwindCSS

- **Optom Shop UK – E-Commerce Demo**
  🔗 optomshop.co.uk/testwebsite
  Created an e-commerce demo featuring product catalog, cart functionality, and PayPal integration to simulate online transactions.
  Tech: React, PayPal API,Redux

- **Optom Shop UK – E-Commerce Demo**
  🔗 astralneutraceutical.com
  Product showcase platform for livestock and poultry nutrition solutions. Helps farmers browse Specialized animal feed products and details.
  Tech: React, TailwindCSS, Redux

Languages and Certificates
Languages: English, Urdu.
Certificates: Namaste React, Namaste NodeJs.
